Location

Porto Petro is a small, romantic fishing village with a beautiful harbor, small stores and many restaurants that offer, among other things, seafood and fresh fish and are partly open all year round.

Porto Petro is also known for the nearby natural park Mondragó. Cala Mondragó is a bi-partite bay with crystal clear turquoise waters and fine sandy beaches. First and foremost is the beach s'Amarador, which is one of the most beautiful beaches in Mallorca. Several hiking and biking trails lead through the fantastically beautiful nature reserve.

The golf course Vall d'Or, which offers a fantastic view of the Mediterranean Sea, is only about 10 minutes away by car. The capital of the Balearic Islands, Palma de Mallorca and the international airport Son Sant Joan can be reached in about 45 minutes by car.
